SUMMARY

Web Developer with practical experience in full-stack application development, REST API integration, and database management. Proficient in React.js, Python, SQL, FastAPI, and modern web technologies, with a strong focus on building efficient and user-centric solutions.

EXPERIENCE

Bhartiye Products — Web Developer & Technical Operations
New Delhi | MAY 2026 – JULY 2026

- Developed a full-stack E-commerce Web Application using Python, FastAPI, React.js, and SQLAlchemy.
- Designed and integrated REST APIs for user authentication, product management, cart, and order processing.
- Developed backend services and business logic using Python & FastAPI to handle application workflows.
- Designed database models and managed data operations using SQLAlchemy and relational databases.
- Built responsive user interfaces in React.js and integrated them with backend APIs.
- Implemented inventory and stock management features to automate product availability tracking
- Managed E-commerce systems and dashboards (Amazon Seller Central, Etsy Dashboard, Excel, MS Office 365) to automate order processing, tracking, and daily reporting.
- Managed product listings, inventory updates, and catalog maintenance across E-commerce marketplaces.

PROJECTS

E-Commerce Web Application | FastAPI, React.js, SQLAlchemy (LINK)

- Developed a full-stack E-commerce web application with user authentication, product management, shopping cart, and order processing functionalities.
- Designed and implemented RESTful APIs using Python, FastAPI, and SQLAlchemy for seamless frontend-backend communication.
- Built and optimized relational database models for efficient product, inventory, and order management.
- Implemented automated stock management and inventory tracking features to improve operational efficiency.
- Developed responsive and user-friendly interfaces using React.js and integrated them with backend services.

Project: Snake, Water, Gun Game

- Developed a command-line game in Python with user vs computer gameplay.
- Implemented game logic, randomization, and input validation for interactive user experience.
- Utilized Python control structures and data handling techniques to manage game flow.

Smart Text Lab | (React.js Project)(Link)

- Developed a responsive text processing web application using React.js.
- Implemented text transformation features including case conversion, text formatting, and space optimization.
- Built an interactive user interface with dark/light mode and real-time text statistics.
- Optimized application performance using reusable React components and modern JavaScript.
- Technologies: React.js, JavaScript (ES6), Bootstrap, HTML5, CSS3

SKILLS

- **Languages : Python, JavaScript, SQL**
- **Frontend : React.js, HTML5, Responsive Web Design, JSX**
- **Backend : FastAPI, REST API Development, API Integration**
- **Database : SQL, SQLAlchemy, Database Design, DBMS**
- **Web Technologies : JSON, Authentication Systems, CRUD Operations**
- **Tools : Git, GitHub, VS Code, Postman, Microsoft Excel**
- **Concepts: OOP, CRUD Operations, Authentication, Database Management**

EDUCTAION

Master of Computer Application (MCA) **| 2022 – 2024 |70.25%**
Marwari College, Ranchi

Bachelor of Science in Information Technology (BSC.IT) **| 2019 – 2022 | 74.07%**
Marwari College, Ranchi

Intermediate **| 2019 | 62%**
DGSS Inter College, JAC

Matriculation **| 2016 | 64.6%**
Bharat Singh Public School, CBSE

Language

- **ENGLISH**
  Full Professional Proficiency
- **Hindi**
  Professional Working Proficiency

ACHIEVEMENT

Awarded Silver Medal in 100-meter sprint at District-Level Athletics Meet, demonstrating strong discipline, speed, and competitive spirit.
